A passion for web development drives my career forward. I am currently seeking opportunities to further my expertise in front end web development.

Skills

Proficient in HTML, CSS/SCSS, JS + JQuery, PHP and GIT Repositories. Experience with Node, Grunt, Bower, Handlebars, Laravel and other MVC frameworks. Also familiar with SQL databases and administration using PHPMyAdmin. Open and flexible in learning new languages, frameworks, etc.

Jan 2015 - Feb 2016
MCD Partners, Fairport NY 14450 - *Associate Developer*

- Used Git to maintain code base for several projects & JIRA for issue tracking.
- Wrote, maintained, and updated ADA and W3C compliant code for prominent brands in several market areas including Discover Financial Services and TIAA-Charitable.
- Contributed to several internal JS plugins.
- Hit aggressive deadlines with daily team scrum and week(s) long sprints.
- Trained Developer Interns at the Fairport office while also collaborating with developers in the Chicago and NYC offices.

May 2014 - August 2014
Pittsford Department of Public Works, Pittsford NY 14534 - *Geospatial Information Systems Intern*

- Worked with several GIS technologies to aid in DPW projects throughout the summer.
- Light field work inspecting various points of interest in relation to DPW projects.

September 2009 - December 2013
Bill Grays Restaurant, Fairport NY 14450 - *Fry/Grill Cook, cashier*

- Cook orders in a hasty yet organized manner.
- Take orders in a friendly manner.

Education

August 2011 - May 2015
Rochester Institute of Technology, Rochester NY 14623 - *BS in Information Technology*

- 3.2 GPA.
- Several term Dean's list.
- Minors in History, Geospatial Information Systems, and Web Design/Development.
